

We make happiness
نصنع السعادة

The Chinese-Egyptian company was established in Syria in 1997 (Al-Mina, The Port) under Industrial Register No. 243 and Commercial Registration No. 33572 for manufacturing dry sweets, candies, lollipops and all kinds of jelly.

In 2014, the company's branch was opened in the Arab Republic of Egypt under industrial register number 0600460 and commercial register number 113625, and a factory was established in the industrial zone of 6th October city.

It gained a leading market share in the dry candies industry in the Middle East, which includes a variety of products, the most important of which are popping candy - lollipop with popping candy, and manufacturing all kinds of lollipops and jelly candy and the production of Chinese crackers.

The most important reasons for the success of the Chinese-Egyptian company is the adaptation of the highest standards of quality, which is represented in periodic and permanent examination of our products, periodic monitoring of the various production stages, following up the key performance indicators for all employees in the company are going, measuring the extent of our customers' satisfaction with the products we offer them, and taking advice offered by them on the top of our priorities. .

We set an ambitious goal, which is to develop continuously the competencies of our team in order to ensure the provision of our products according to the highest quality standards in order to enhance the company's position locally, regionally and globally.

The company is also working on introducing new innovative products that keep pace with various consumer patterns at competitive prices.

The company also uses the best raw materials and ingredients available to ensure the provision of a safe, healthy and delicious product that suits different tastes.
